

## Park Landscapes Summary

WSCP  
Revised 4-11-01

SAVINGS PROGRAM	ADVISORY STAGE	VOLUNTARY STAGE	MANDATORY STAGE	CURTAILMENT STAGE
<b>IRRIGATION PROGRAMS</b>	Equip all hand held watering devices with shut off nozzles	Reduce water use by ____% overall	Reduce water use by ____% overall	Reduce water use by ____% overall
	Prioritize established ornamental beds by BMP category for water needs and conservation measures	Automatic irrigation systems controlled by ET stations reduced by 10%	Automatic irrigation systems controlled by ET stations reduced by ____%	Automatic irrigation systems controlled by ET stations reduced by ____%
	Prioritize turf areas by BMP category for water needs and conservation measures	All irrigation on established plantings will be done between 7pm and 10am, except for hand watered tree wells, planters, etc.	All irrigation on established plantings will be done between 7pm and 10am, except for hand watered tree wells, planters, etc.	All irrigation on established plantings will be done between 7pm and 10am, except for hand watered tree wells, planters, etc.
		<b>Reduce</b> watering of general park turf areas	<b>Further reductions or stop</b> irrigating general park turf areas	<b>Stop</b> irrigating general park turf
		<b>Reduce</b> irrigation to general park landscape beds and mature trees	<b>Further reduce</b> irrigation to general park landscape beds and mature trees for survivability	<b>Maintain</b> irrigation to general park landscape beds and mature trees for survivability
				<b>Reduce</b> turf irrigation in special gardens, high visibility public facilities, soil-based athletic fields and prominent turf areas for survivability
				<b>Stop</b> irrigating manually watered annual beds; remove plants if necessary
<b>IRRIGATION SYSTEMS</b>	Prioritize periodic maintenance of irrigation systems	Focus attention on irrigation system leaks and repairs	Continue to focus attention on irrigation system leaks and repairs	Continue to focus attention on irrigation system leaks and repairs
	Assess Maxicom and other water conservation devices	Accelerate installation of rain shut off devices for automated systems	Accelerate installation of rain shut off devices for automated systems	Accelerate installation of rain shut off devices for automated systems
<b>EQUIPMENT</b>	Wash equipment as needed	Wash equipment as needed	<b>Stop</b> all equipment washing, except for cutting units and similar equipment	<b>Stop</b> all equipment washing, except for cutting units and similar equipment
<b>PROJECTS</b>	Review planned landscape projects; consider postponement	Postpone landscape projects if appropriate	Postpone landscape projects if appropriate	Postpone landscape projects if appropriate
<b>PRIORITY IRRIGATION PROGRAMS</b>	All trees, turf, landscapes and athletic fields	Special gardens, high visibility public facility landscapes, zoo exhibits, lawn bowling greens, greenhouses and nursery	Special gardens, high visibility public facility landscapes, zoo exhibits, lawn bowling greens, greenhouses and nursery	Special gardens, high visibility public facility landscapes, zoo exhibits, lawn bowling greens, greenhouses and nursery
	All zoo exhibits, greenhouses and nursery	Prominent turf areas	Prominent turf areas	Prominent turf areas reduced
	Construction site dust control	Athletic field turf	Athletic field turf	Sand-based fields remain irrigated; soil-based fields reduced
		Infields and all-weather fields for dust control and safety	Infields and all-weather fields for dust control and safety	Infields and all-weather fields irrigated for dust control and safety
		New turf, landscapes and trees	New turf, landscapes and trees	New turf, landscapes and trees
			General landscape beds and mature trees reduced	General landscape beds and mature trees reduced for survivability
		Construction site dust control	Construction site dust control	Construction site dust control
		General park turf areas reduced	General park turf areas further reduced	

## Golf Summary

WSCP  
Revised 4-11-01

SAVINGS PROGRAM	ADVISORY STAGE	VOLUNTARY STAGE	MANDATORY STAGE	CURTAILMENT STAGE
<b>IRRIGATION PROGRAMS</b>	Equip all hand held watering devices with shut off nozzles	Equip all hand held watering devices with shut off nozzles	Equip all hand held watering devices with shut off nozzles	Equip all hand held watering devices with shut off nozzles
	Prioritize established ornamental beds by BMP category for water needs and conservation measures	Automatic irrigation systems controlled by ET stations will reduce by 10%	<b>Stop</b> irrigating out-of play areas	<b>Stop</b> irrigating out-of play areas
		All irrigation on established plantings will be done between 7pm and 10am, except for hand watered planters, tree wells, etc.	<b>Reduce</b> irrigation to general landscape beds and mature trees	<b>Further reduce</b> irrigation to general landscape beds and mature trees
		<b>Reduce</b> irrigation to out-of-play areas	<b>Stop</b> irrigating roughs	<b>Stop</b> irrigating roughs
			<b>Stop</b> irrigating fairways on par 3 courses except Interbay	<b>Stop</b> irrigating fairways on all par 3 courses
			<b>Reduce</b> irrigation on selected fairways	<b>Significantly reduce</b> fairway irrigation
<b>IRRIGATION SYSTEMS</b>	Prioritize irrigation and plumbing pm and repair	Prioritize irrigation and plumbing pm and repair	Repair all leaks within 24 hours	Repair all leaks within 24 hours
<b>EQUIPMENT/CARTS</b>	Wash hard surfaces as needed	<b>Eliminate</b> all washing of hard surfaces, such as sidewalks, parking lots and cart paths	<b>Eliminate</b> all washing of hard surfaces, such as sidewalks, parking lots and cart paths	<b>Eliminate</b> all washing of hard surfaces, such as sidewalks, parking lots and cart paths
	Wash equipment as needed	Wash all equipment on an as-needed basis in the field to utilize the water	<b>Stop</b> all equipment washing, except for cutting units and similar equipment	<b>Stop</b> all equipment washing, except for cutting units and similar equipment
	Wash carts as needed	Wash carts as needed	<b>Reduce</b> cart washing frequency except as necessary for public health and safety	<b>Reduce</b> cart washing frequency except as necessary for public health and safety
<b>PRIORITY IRRIGATION PROGRAMS:</b>	All landscapes and turf as needed	Tees, greens, lawn bowling greens and fairways	Tees, greens, lawn bowling greens and most fairway areas	Tees, greens, lawn bowling greens and most fairway areas
		General park landscape beds and mature trees	General park landscape beds and mature trees reduced	General park landscape beds and mature trees reduced
		New turf, landscapes and trees	New turf, landscapes and trees	New turf, landscapes and trees
	Construction site dust control	Construction site dust control	Construction site dust control	Construction site dust control

## Facilities, Vehicles, Equipment, Fountains, Picnic areas, Boat docks and Playgrounds Summary

SAVINGS PROGRAMS	ADVISORY STAGE	VOLUNTARY STAGE	MANDATORY STAGE	CURTAILMENT STAGE
<b>FACILITIES</b>	Clean as needed for public health and safety	Use pressure washers when feasible to accomplish necessary cleaning	<b>Limit</b> pressure washing of facilities to planned project work or to protect public health and safety on a case by case basis	<b>Limit</b> pressure washing of facilities to planned project work or to protect public health and safety on a case by case basis
<b>COMFORT STATIONS</b>	Clean as needed for public health and safety	Clean as needed for public health and safety	<b>Limit</b> pressure washing of comfort stations except to protect public health and safety on a case by case basis	<b>Limit</b> pressure washing of comfort stations except to protect public health and safety on a case by case basis
<b>VEHICLES</b>	Wash all city vehicles only as needed	Wash all city vehicles only as needed	Wash all city vehicles only as needed	Wash all city vehicles only as needed
	Wash vehicles only at a car wash that recycles water	Wash vehicles only at a car wash that recycles water	Wash vehicles only at a car wash that recycles water	Wash vehicles only at a car wash that recycles water
<b>EQUIPMENT</b>	Wash equipment as needed	Wash equipment as needed	<b>Stop</b> all equipment washing except for cutting units, power tools or similar equipment	<b>Stop</b> all equipment washing except for cutting units, power tools or similar equipment
<b>HARD SURFACE MAINTENANCE</b>	Wash all surfaces as needed	<b>Limit</b> hosing of hard surfaces except to maintain public health and safety	<b>Limit</b> hosing of hard surfaces except to maintain public health and safety	<b>Limit</b> hosing of hard surfaces except to maintain public health and safety
<b>WATER FEATURES</b>	Normal operations	<b>Turn off</b> non-recycling ornamental fountains and water features	<b>Turn off</b> all ornamental fountains and water features	<b>Turn off</b> all ornamental fountains and water features
	Prioritize use of ornamental fountains			
<b>PLUMBING</b>	Identify leaks; repair promptly	Focus attention on leaks and repairs	Continue to focus attention on leaks and repairs	Continue to focus attention on leaks and repairs
	Continue installation of faucet aerators	Continue installation of faucet aerators	Continue installation of faucet aerators	Continue installation of faucet aerators
<b>PRIORITY PROGRAMS:</b>	All programs	Operate only high priority water fountains to maintain water quality or animal health		
		Construction site dust control	Construction site dust control	Construction site dust control
		Comfort station washing	Comfort station washing on a case by case basis	Comfort station washing on a case by case basis
		Limited hard surface washing	Limited hard surface washing	Limited hard surface washing

## Aquatics Summary

WSCP  
Revised 4-11-01

SAVINGS PROGRAMS	ADVISORY STAGE	VOLUNTARY STAGE	MANDATORY STAGE	CURTAILMENT STAGE
<b>WADING POOLS and WATER PLAY FEATURES</b>	Review schedules/programs for water conservation	<b>Limit</b> programs to sunny days of 70 degrees Fahrenheit(by 9:00am) Communicated via Hotline:684-7796	<b>Limit</b> programs to sunny days of 75 degrees Fahrenheit(by 9:00am) Communicated via Hotline: 684-7796	<b>Close</b> all wading pools and water features Communicated via Hotline: 684-7796
	Focus attention on water conservation practices	Fill pools to predetermined lower level	Implement schedule limitations in selected sites to maximize use	
	Limit hours for non-recirculating water play features	<b>Reduce</b> hours of operation at non-recirculating water play features		
	Standardize informational signage	Utilize informational resources /signage to inform customers	Update informational resources/signage to inform customers	Update informational resources/signage to inform customers
SAVINGS PROGRAMS	ADVISORY STAGE	VOLUNTARY STAGE	MANDATORY STAGE	CURTAILMENT STAGE
<b>SWIMMING POOLS and BEACHES</b>	Consider postponing pm and maintenance fills	<b>Reduce</b> shower temperatures to 100 degrees Fahrenheit to shorten use	<b>Postpone</b> pm and maintenance fill	no further actions
	Review programs and focus attention on water conservation measures	<b>Reduce</b> spa temperatures by 2 degrees Fahrenheit	<b>Close</b> spas and saunas	
		<b>Reduce</b> sauna hours of operation		
	Standardize informational signage	Utilize informational resources /signage to inform customers	Update informational resources/signage to inform customers	
			<b>Colman Pool:</b> Implement saltwater backwash	
	Wash only full loads of clothes	Wash only full loads of clothes	Wash only full loads of clothes	Wash only full loads of clothes
PRIORITY PROGRAMS	All pools and water features operating	All pools and recirculating water features operating	Big 3 and selected wading pools operating	Close all wading pools and water features
			All swimming pools operating	All swimming pools operating
